■ THE OPPORTUNITY

What we want to *build* together.

Fortis Mohali possesses the ultimate content engine: 200+ specialists, 42 departments, and proven patient outcomes. We bridge the gap between your clinical excellence and a digitally engaged region seeking trustworthy healthcare.

01

Trust at Scale

Transform doctors into recognizable authorities, driving consultation conversions proactively.

02

Awareness That Converts

Deploy cinematic specialty campaigns and educational content for strong top-of-mind symptom recall.

03

Premium Brand Equity

Establish a cohesive, modern visual identity rivaling top-tier healthcare institutions nationally.

04

Region-First Reach

Deliver hyper-targeted, bilingual content optimized for Punjab, Haryana, Himachal Pradesh, and J&K.

05

Multi-Platform Assets

Maximize ROI by turning CMEs, health camps, and panels into high-yield, ready-to-publish digital assets.

06

Building a Consistent Content Engine

Bridge the benchmark gap to 137K+ followers through a robust, 12-month targeted growth engine.

■ METHODOLOGY

The Eight-Point *Strategy.*

END-TO-END CONTENT EXECUTION SYSTEM

Content Planning Before Shoot Day

Strategy dictates execution. All content planning happens **long before the shoot**, mapping topics and hooks in advance.

- Pre-shoot topic mapping
- Doctor scripting & hook prep

Dedicated Healthcare Team

Unlike general agencies, we deploy **personnel dedicated specifically to healthcare** to ensure medical accuracy.

- Healthcare-specialist editors
- Medical content coordinators

Faster Event Coverage

We provide same-day highlight reels and quick doctor bytes **during the event itself** so momentum isn't lost.

- Same-day highlight reels
- Live in-event social snippets

Proper Coordination Workflow

Structured monthly shoot planning, shared approvals, and organized backups drastically reduce follow-ups.

- Monthly shoot calendar
- Shared approval workflow

High-Quality Doctor Reels

We use **mirrorless cinema cameras, proper lighting setups, and wireless mics** to make doctors look authoritative and premium.

- Mirrorless cinema gear
- Strong 3-second hooks & subtitles

Premium Specialty Videos

We pivot to **cinematic storytelling** for department videos, making your super-specialty wings look world-class.

- Gimbal cinematic direction
- Department walkthroughs

Podcast Multi-Content Engine

One podcast shoot yields **multiple content pieces** — short reels, clips, and snippets to fuel a month's pipeline.

- 10–15 short reels per podcast
- Educational snippet edits

Consistent Brand Look

We eradicate visual inconsistency across 42 departments through **unified subtitle styling** and professional tones.

- Standardised caption system
- Consistent reel aesthetics
